

# HARDNESS TESTER LXD-A

## Features :

LXD-A hardness tester is widely applied in the low and medium hardness plastic, all kinds of rubber, multidimensional fat, leather, wax harness test etc. The product refers is ISO868 and the ISO7619 international standard production, conforms to GB/T531, JB6148 and the JJG304 standard

## Technical Data :

Measuring range	0 – 100 HA
Recomended measurement range	10 – 90 HA
Outline dimension	115 x 60 x 25 mm
Pressure Needle Range	2.5 mm
End pressure of pressure head	Ø 0.79 mm
Net weight	~ 0.13 kg ~ 0.16 kg
